# BLUE SPY INC

---

ADDRESSING THE NEEDS OF CORPORATE INVESTIGATIONS  
AND PLANTING THE SEEDS FOR A SECURE SUCCESS...

## Getting the most from Research & Analysis...

*"Every Scene, Every Time"*

**The sudden or unexplained death of an individual has a profound impact on families and friends of the deceased and places significant responsibility on the agencies tasked with determining the cause of death. Increasingly, science and technology play a key role in death investigations.**

**In many jurisdictions, responsibility for conducting death investigations may rest with pathologists, medical examiners, or coroners, in addition to their other duties...**

**Few things in our democracy are as important as ensuring that citizens have confidence in their institutions in a crisis. For many individuals the death of a loved one is just such a crisis. Ensuring that the proper steps and procedures are taken at the scene of that death to reassure family members that the death was a natural one, a suicide, or a homicide is a key element in maintaining citizen confidence in local officials.**
